About the Products

Fine Art Prints

Original watercolor paintings reproduced as fine art giclée prints in your choice of 5"x7", 8"x10", or 11"x14" sizes. Art is mounted on white mat board in a clear plastic sleeve, protected for display and ready to frame. Designed to coordinate in color and style, pick one style or mix and match to plant your own garden on a wall or shelf.

The giclée printing process uses special light-fast inks, resulting in ultra-high image detail, vibrant color reproduction, and enhanced image clarity. Printed on premium thick, bright white, water-resistant, velvet fine art paper, made from 100% cotton fiber with a subtle watercolor texture. Weight 340 GSM. Acid-free. Lignin-free. Archival quality.

Flower Box & Wine Box Dioramas

Giclée prints of original watercolor paintings, individually hand-cut and assembled into three-dimensional layered paper dioramas, carefully set inside hand-stained wooden box frames (4"x6"x1"). Boxes can be hung with attached jute twine or placed on a table or shelf. Comes with signed Certificate of Authenticity.

Sparkling Vine Jewelry

Sparkling Vine jewelry is inspired by vineyards and vintage style. I use upcycled materials such as wine corks and chandelier crystals and I design and handcraft each piece. For my cork necklaces, I cut, sand, paint, and embellish wine corks to transform them into unique wearable art. Chandelier pendants feature reproductions of my art. I round out the collection with simple-yet-elegant Wine Bar Necklaces, Beaded Charm Bracelets, and sparkly earrings. Jewelry comes with branded display cards or hangtags and burlap gift pouches with the Sparkling Vine logo.

About the Artist

Nancy Lynne Kanter

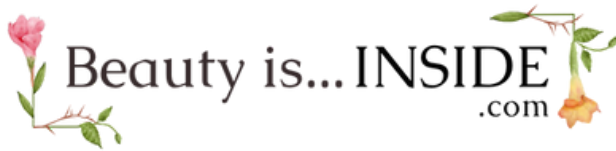

I'm a visual artist, jewelry designer, and writer. My artistic style pairs realism with bright, cheerful colors and delicate details. I like painting pretty flowers and making feminine jewelry. But I also like creating projects that have a deeper meaning underneath, like some of my art prints.

As a fine artist, I've worked with a number of artistic mediums, including graphite and colored pencils, white pencil on black paper, pen and ink, pastels, charcoal, watercolor, gouache, and acrylic; and I've dabbled in a variety of styles, including photorealism, impressionism, abstract, mixed media, collage, and illustration. I've worked on several commissioned projects: painted murals for a hotel, painted festive chairs for a Mexican restaurant, and sketched portraits of high-level military and civilian US Navy personnel, which earned me a commendation letter from a Navy Captain.

I'm attracted to sparkly things like a moth to a flame, so designing jewelry came naturally to me. For my Sparkling Vine jewelry line, I connect the old with the new by reimagining upcycled wine corks and chandelier crystals as pieces of wearable art. Each jewelry collection is intertwined with vineyards, gardens, and wine culture.

My jewelry has been noticed by several media outlets, including Forbes, PBS, Huffington Post, and Buzzfeed. I did a live on-air interview with the KSVY 91.3 Morning Show in Sonoma, CA, and my hometown newspaper wrote a feature story about how I raised over \$3000 for local charities with a special collection of necklaces. My work has been displayed at CK Art, an art gallery in Sacramento, CA and carried by gift shops and wineries. I also do private label designs, including a special jewelry collection sold exclusively at Tobin James Cellars in Paso Robles, CA.
